Elden Ring Features Key:

Experience the epic drama of a "100-year-old masterpiece": Eludates non-linear character history Mystery unfolds in shades of gray: Can you or can you not? Delinquent Rapscallion A.D. 3310 Hisoka was a lowlife from the streets of Ielodia. However, destiny called him to the Elden Ring, and he developed his own style and archery that marked him as a dauntless warrior.
Exciting and easy to play: Action combat returns to the fantasy RPG genre with a fluidity that provides a thrilling hunting experience! Easy to understand, clean and elegant graphics provide a

smooth user interface. Quicksave, backspaces, and pause are all available, and most of the controls will be familiar to any RPG veteran from older games. Focus on your own agency: You are in control of the outcome of your character's story. Free of stat display, resource management, and complex menus, the experience of moving between battles is focused on the real action! Deep, commanding role-playing: Sort through the myriad of possibilities the Lands Between offer. What will you choose to do? Choose between three main weapons with various attributes – Sword, Bow, and Arrow – and have your character customize them using multiple material and gem drops acquired throughout the game. All of your gear specializes in a single weapon type, and higher gear gives a higher crit range. The bow's proficiency also increases as you level up. Select among the wide variety of attributes to determine the overall performance of each weapon and character to optimize your play style. Use an array of advanced equipment and personal skill techniques to increase attack power and to improve the upper end of the capabilities of each weapon class. Create your own character from scratch: Interact with and customize a multitude of attractive, active, and humorous characters and decide on their personality and design! Make a silhouette of your character by changing their hairstyle, whether it's long or short, and adjust their clothes; modify and change their faces, hair color, skin, eyes, and various parts; and change their hair color and eyes. Become a female character to engage in love scenes or become a man and enjoy similar romantic settings. Change many other details, such as the weight of your character and

Elden Ring 2 Console: PC Launch Date: 2014/06/10 Role: Action, Role Playing Developer: Smashes Published by: Smashes Published on: 2014/06/10 Platform: PC Genre: RPG Front Overview As the 20th century ended, the evil that bore the shape of a woman named Berta rose from the underworld. She oppressed the world of light and darkness, and desired to rule the world. In order to prevent the world from entering the eternal darkness, an ancient organization named the Elden Ring was established.The Elden Ring made Berta tremble and her ambition to rule the world grow even more. The two organizations fought against each other, and the war continued for a long time. Finally, in despair, Berta's subordinates presented their request: "Please take my life and make me into an Elden Lord." The Elden Ring answered: "If this is your desire, I will grant you favor."The Elden Ring granted the wishes of the subordinates. The eye of the goddess of death remained open, and they became transformed into the body of an Elden Lord. Their spirit would be set free on the day when light is liberated from darkness.After long years, a new organization named the Tarnished Alliance was established. The Tarnished Alliance was established with the purpose of liberating people from the evil of Berta. The Tarnished Alliance formed a destructive alliance with the Elden Ring, and the war began anew. As a direct result of the war, two factions split off from the Elden Ring: the Elden Council and the Tarnished Alliance.The war between the two organizations will continue

Elder Game Character Creation A lot of games created with the Elder Game Character Creation function (Eagle Jump) are always different. Although I don't know the artist's name, I'll show you what the character creator looks like for ELDEN RING game on Link Plaza. Character Creation The character creation screen is a two-column design that creates a two-character party. First, the number of attacks and status effects will be decided. Here, they can be at least 1.0 from the start and can increase by leveling up. Next, the height of the character is determined. By clicking on the two at the top right of the screen, the height of the upper and lower body parts (Torso, Waist, and Rump) can be adjusted. You can also customize the color of each face, their name, and its voice; and when looking up, you can apply earrings, nose rings, rings on the fingers, necklaces, and anklets. At the bottom right, the character is equipped with the weapon of the chosen class (Scimitar or Axe). As you can see, the classes of the character are also different from those in battles. Lastly, You can collect items by clicking the item box in the top left of the screen. The experience of the items increases while exploring. EXP of random battles: There are three levels, which are 1, 2, and 3. You can increase the EXP gain in random battles by using the EXP you have gained via quests. You can also increase the EXP after completing the level up. EXP is gained by completing quests, and monster EXP is gained via attacks on monsters. After the level up, the EXP from the level up will be increased. EXP of solo battle: The EXP of solo battles will be able to be increased with the EXP. The level up is obtained by completing tasks. EXP of monster life bar: It is the EXP that fills the monster's life bar. It will increase even when the monsters are affected by the status effect. If there are effects that can gain EXP, they will be added to the monster EXP. EXP gain by number of attacks: There are four levels, which are 1, 2, 3, and 4. If the number of attacks to complete a task increases
