It's currently 10th highest-grossing R-rated comedy in movie history. I'd also like to point out that Kissing Cousins was never intended to be a "realistic" look at romance. It was instead supposed to be a comedy with real emotions and heart, with a focus on the chemistry of the characters. It was also shot on video. The equipment used for filming had to be custom-made. Director Brian Robbins went the extra mile to make sure every aspect of the film was perfect, and I'm grateful to him for making that effort. Robbins' uncanny eye for detail and high standards almost definitely helped make Kissing Cousins a hit. But the cast's talents also

helped bring the film a huge number of fans and fansites. Join the Good Green Welcome to our digital magazine! Rocky View, New Brunswick
Rocky View is a village located in southwestern Madawaska County, New Brunswick. It is located 2 km south of Rocky Point on the Rocky Point River. History Rocky View was settled by United Empire Loyalists in 1791. Historically known as Smyrna, after Smyrna, New York, on the New York Central Railroad, Rocky View was incorporated as a village in 1928 and disamgined into the community of Rocky View and Old Rocky View in 1974. Economy Economically Rocky

View is still primarily a commuter community with about half of its residents working outside the village, although more local industry is being created. Notable people See also

Logitech will improve their gaming keyboard line with the Focus series. The keyboard is a little bit of both mouse and keyboard, but it seems Logitech will be working on it with more than some gamers in mind. The keyboard comes with an adjustable palm rest, which is a nice touch that keeps your hands comfortable even when typing for hours on end. The keyboard is also ready for spring action, offering a comfortable feel for your fingertips. There will be Red and Black colors available as well, with the option to swap the layout with a click of a button. A dedicated accessory for the keyboard will be the USB Hub accessory. You'll be able to hook

up two USB cables and a power source to the keyboard. The keyboard will be available in the springtime for \$139.99, and you can check out some hands-on video and images after the break.
