His Easy Project is a greatly comprehensive and interesting book which explains the philosophical thoughts, practices and traditions of Prophet Muhammad (pbuh). It explains Muhammad's practices, practical wisdom, biography, and other aspects of his life and teachings. The book also has a rich, original and inspiring cultural and philosophical commentary of every chapter. This book is written by a renowned author, Sayyid Ali Al-Zeini, and its contents are accurate. It is even better than the original book. It is a good book in explaining the origins of the Kitab al-Jalalah (The Qur'an in Geographical terms). It also explains some verses of the Quran in a comprehensive manner. The only drawback of this book is that the book does not cover many verses of the Quran. Imam Taymiyah discusses all verses of the Quran, but unfortunately there are no introductory chapters that explain in detail the meaning of the verses. Also, there is no discussion of the Arabic language or Arabic grammar in the book, and the Arabic language is an essential subject in Islam. Likewise, the I
