The studio that she uses is scheduled for an update to 2014. She is one of the new faces you'll be seeing a lot of in 2014. Laura's also just released a hot new video called 'Leo's Girlfriend.'. I first met Candydoll over six years ago when I got the very first Cake Barbie Doll that I had ever seen. I first met Candydoll in New York City. Her shop on Greene St. was very impressive - like a real home that had been designed by a fashion designer. She had on one of my dream outfits - a fishtail dress with white booties. I was in awe as she spoke with me about her life in fashion and how she owns her own home. When I saw her ponytail in the photo, I knew immediately she was the Candy Doll. Candy Doll's hair is very special to me as she has grown and become a total part of my world. I think Candydoll is a very interesting character and she's very intelligent. After moving to Los Angeles, I started to write to Candydoll asking for her hair and makeup tutorials. Her website was sold out of everything, so I had to order her epaulets, boots, thong briefs and amethyst turban online, after the designer that custom made the outfit said she could make it from scratch. 5ec8ef588b
